

Community of Readers Kindergarten and First Grade

The Community of Readers is Harmony Elementary's school-wide reading program. The Community of Readers in Kindergarten and First grade will promote read aloud, genre studies and a love of reading. Teachers will read books on various genres, discussing the genre.

Each class will have a chart based on genres. Classes will read the various types of stories. Books that are read during storytime in the media center can be counted for the appropriate genre on the chart.

This year, there will be time to complete the chart two times - once before Christmas and once after Christmas. Upon completing the entire board before Christmas, the students will each receive a free book. Upon completing the entire board after Christmas, the students will receive ice cream.
