

# February

## Mrs. Caudill's Newsletter

### Look What We're Studying

**Reading-** We are reading non-fiction books and locating features of that genre. We are creating our own non-fiction features dictionary.

**Math-**We are learning to add/ subtract 2-3 digit numbers . We will continue to practice counting back change to a dollar.

**Science/Soc. St.-**We will learn about space and Jackie Robinson.

**Writing-**We are writing an informational book. Each student chose their topic, then researched their topic using informational books, encyclopedias, and the internet. We are organizing the facts by chapters.

Harmony has started a new endeavor to help students memorize some of those difficult math facts. The students will have a fact of the day which they will practice in various ways. The next day they will get a new fact. The facts will be repeated. You can support your student by asking them what their fact of the day was. Please continue your efforts at home to work with your children to **memorize** all the **math facts**; this endeavor is not to replace your efforts. We are merely trying to add another layer of support to help our children enjoy the process of learning.

### Dates to Remember:

Feb. 3 -2nd grade is having a **SNOW DAY!** ("snowy" activities all day)

Feb.17-20 Student Holiday-No school

Feb. 24 Six Flags reading log due

Feb. 27/28- Early Release Days/ Parent Conferences

### \*\*\*\*Specials\*\*\*\*

Rotation

Art

PE

Tech

Please wear tennis shoes for PE.

### Yeah! We did it!

Harmony PTA, students and community raised the funds to build a new playground. Please join Harmony staff, students, PTA officers and members of our community on Feb.14 at 2:00 to celebrate our accomplishments! Thank you ,PTA! We LOVE our new playground.
