## Look What We Are Studying

**Reading-** We will continue to work on inferring, questioning, determining importance, and synthesizing. We'll work on fluency and comprehension strategies.

**Math-** We are working on multiplication and simple division, as well as reviewing other skills and problem-solving.

**Science-** We will learn about different forms of energy.

**Soc. St.-** We're learning about Jimmy Carter, Georgia and US symbols.

**Writing-** We have written how-to pieces and will begin persuasive pieces and poetry. We'll also continue editing, revising, and adding details and voice in our writing.

## Mrs. Perkola's News

-Spring fever is here in full force! Please remind your child that school isn't out for the summer quite yet and that we still have learning and work to do. With the beautiful weather and fun spring sports/activities going on, it's sometimes hard to keep our minds on school. Thanks for your continued help at home!

-Please consider volunteering at Field Day. Mr. Corley is in need of help to ensure a fun day! Check website for info.

- Stevie B's Spirit Night 4-9pm

### Field Day

May 8 (AM) /makeup May 11 (AM)

We're down to 2 boxes of tissues. Send one our way if you have an extra in the cabinet.

Make sure to ask your student if he or she has crayons and enough pencils. Most of them seem to have no crayons and ask me for pencils every other day. Our beginning of the year supply was gone by March 1.

**Don't forget to read nightly.**
