Look What We Are Studying

Science—Review

SS—Cesar Chavez

Math—Review of this year, Preview of 4th grade skills

Grammar—Comparative Adjectives, Greek Word Sort (cycle, anti, auto, bio), Capitalization

Reading/Writing—We are having so much fun doing our Chocolate Unit! We have been working on our Reading skills with visualizing and identifying character traits. We have also written acrostic poems and will be working on our letter writing skills. At the end of our unit, we will be comparing the movie to the book.

Thank you so much for all of the poems, chocolates, lists of wonderful things about us, and other wonderful gifts for Teacher Appreciation. You really spoiled us!

We really enjoyed our field day on Friday! Go green team! Thanks to all of the parents who volunteered!

We are still in need of band-aids and notebook paper to help us finish out the year. Donations appreciated!

Specials
