

I ♥ TO READ I ♥ TO WRITE

Mill Creek Cluster K-8 Student Literacy Institute

July 17-20, 2017
at Ivy Creek!

What is the Student Literacy Institute? Our program is an enrichment opportunity for students to refine their reading and writing skills. During the Institute, students will:

- *meet and attend a learning session by a published author!
- *receive new books to use as mentor texts to model author's craft!
- *practice strategies in their new writer's notebooks!
- *create and publish his/her own writing piece!
- *receive an "I'm Published!" t-shirt!
- *attend our Author's Publishing Party on the last day!

*Students will participate in a reading and writing workshop each day. The workshops will focus on generating writing topics in a writer's notebook, using authors as writing mentors, drafting a writing project, revising techniques to craft student writing, and reviewing essential editing skills at the appropriate intensity and skill level for the students attending. Our program has a direct focus on the process of writing, but does not offer remediation in grammar and other specific skills. At the end of the week, students will get to share their work and publish a book. Each student will have the opportunity to spend time with a published author to talk about writing and reading.
